ACD Staff Receives Early Commendation

Planned OCE Drive Given 'Unique' Tag

Don Wanamaker, regional director of the Oregon United Fund chest, attended the last meeting of the All-Campus drive staff to explain the functions of the United Fund, and to give the committee pointers on the planning of the drive. He also explained the drives held at the other Oregon colleges, and said that the planned OCE drive is unique from all other college drives that have been held. He also commended the group on the work they have done so far.

Chairmen for the All-Campus drive committees were chosen to assist general chairman Pat Blair. Bob Barnes, Irene Asbury, Glenn Brostrom, Elton Gregory, Dolly Eclipse, Bob Lady, Fran Moser Johnson, Gene Rosaschi, Bernadine Bergstrom, Opal Bradshaw, Doug Rogers, Bill Boring and Ernie Drapella. Advising this group will be Dr. Robert L. Mulder.

Plans are under way for a group of OCE students to visit various United Fund agencies in Portland on October 6. The student council will sponsor the bus to take the students, which will include the drive committee and all other interested as well. The purpose of this trip will be to acquaint the student repre-

sentatives with the work carried on by the United Fund agencies in the Portland area, so that they, in turn, may explain to others what sort of agencies will benefit from the funds of the OCE All-Campus drive.

The committee also approved the adoption of an official All-Campus drive insignia. This insignia was presented for the student council inspection and was unanimously approved. It appears in the mast of this newspaper, and hereafter will be used on all official All-Campus drive notices and for other publicity purposes.

At the meeting of all club presidents and reporters held Wednesday, the plans for the drive and the part that clubs will take were presented and received enthusiastically. The reception of these ideas indicated that the campus organizations will fully support the drive, even more than in the past. It appears that competition will be keen for the first 100% donated organization on campus, as well as for the best-decorated booth at the carnival-fair.

Members of the All-Campus committee attended the Polk county United Fund kick-off breakfast at the Masonic hall in Independence. Pat Blair, general chairman, explained the contribution OCE is making to the United Fund through the All-Campus drive.

Phyllis Seid, a senior from Portland, is this year's publicity chairman for the All Campus drive.

Phyllis worked on the All Campus drive as chairman in 1954. She also worked extensively on the student council. She was freshman class commissioner, publicity commissioner for 1954-55 and ASOCE secretary for 1955-56.

At this time Phyllis is a member of Collecto Coeds, Phi Beta Sigma, Sigma Epsilon Pi, and Kappa Pi.

Mr. Hess Gets 'Nabbed'

"The government of Oregon, in one of its departments, is very efficient. At least this department doesn't waste time in orientating new citizens of the state. I have a high regard for the Oregon State Police," said Mr. Le-land Hess, to his class in comparative governments last week.

Mr. Hess arrived in Monmouth just in time to take up his teaching duties on the OCE campus. While moving furniture by car and trailer to Monmouth from the home of his father-in-law in Salem, he received a citation from a man in a blue uniform. This "mere scrap of paper" had written on it, "operator does not have a valid Oregon drivers license." This encounter had a postscript added just a few miles closer to Monmouth. Mr. Hess got another red blinker on his left, the P.S. — "cited for failure to have trailer stop lights and turn signals."

"I've driven with that trailer for 10 years and have never been picked up," was the reply from Mr. Hess's father-in-law when he heard the news.

Y.D.C. Invites Wayne Morse To Campus

United States Senator Wayne Morse, democratic candidate from Oregon and up for reelection, will pay a brief visit to the OCE campus, 4:30 to 5:30 p.m. on October 6, in Maple hall. Bob Richard, president of the student Young Democrats club on the OCE campus, announced that an informal reception would be held in his honor. All students, faculty, and the public is invited to attend.

Goff and Boring Head Frosh Initiation Week

Freshman initiation is set for October 10, 11 and 12. Prior to these three days the frosh are required to wear their beanies every day except Sunday, — and until the end of the term if defeated in the tug-of-war.

Carol Goff and Bill Boring, chairmen of initiation activities, announced that all freshmen will be required to attend Kangaroo Kourt at 8 p.m. on Friday, October 12. The court will consist of 12 jury members and one judge. At the close of the trial, the jury will name deserving frosh to the "Participation Honor Roll." Complete initiation information will be given to the freshmen in the orientation classes.

Trek Planned Saturday

Maaske and Todd hells have planned a trip to Mary's Peak for Sunday, October 8. It will be an all-day trek featuring a two hour hike up the peak itself. Busses will leave from Todd hall at 7 a.m. and will arrive at the peak by noon. Food will be furnished for dorm residents but off-campus students should bring their own lunches. There will be a small fee for busses.

A Hiker's Stomp will be that evening. Dress will be jeans. For more information, contact Darlene Gruchow or Jack Williamson.

NOTICE . . .

Dr. William J. Bruce, assistant professor of science and mathematics, requests all students planning to take the winter term course, Math. 325 (Statistics), to contact him now. This is important as necessary equipment must be ordered right away. His office is located in Ad. 313.

Frosh Class Will Hold Elections Wednesday

The first Frosh meeting of the 1956-57 school year was held on Thursday, September 27.

Yell Queen Wanda Stevens taught the new students some yells and announced that rally squad try-outs for boys and girls will be held at 4 p.m. today.

Following this announcement the nominations were made. The following students were nominated for commissioner: Bill Phillips, Don Ford, Barbara Wehrly; president, Jim Beck, Don Luckinbeal, Harry Lewis, Clive Miller; vice-president, Ron Miller, Darrel Fulton, Ed Gregory, John Vermeul; secretary, Beverly Hubbard, Ann Flesher, Jeannette

Fall Term College Play Try-outs Take Place This Evening

Tryouts for the fall term all-college play will be held Monday and Tuesday, October 1 and 2, to 5 p.m. in CH 224. Any student of the college is eligible. Instructions for the tryouts are posted on the English department bulletin board.

Mr. Harding reports that in the past students without previous experience have been cast in all-college plays.

The play has not yet been selected as its choice will depend partly on the number that try-out.

Those interested in securing a position on the production staff should sign up at the English department bulletin board. There are many positions open.

A casting card will be kept with the result of this try-out, from which later productions will be cast.

Woolsey Is New Veep

The sophomore class has elected Darrel Woolsey as vice-president to replace George Marlatt who is now president. George took over the office when Joe Higgins did not return to school this fall.

ASOCE Council Notes

The ASOCE student council was given a kick-off speech by Dr. Lieuellen Monday evening as the group embarked on a full schedule for the coming year. The plans for the All Campus drive were presented by Pat Blair. A very interesting program has been planned and the coming event should be the big event on campus. Phyllis Seid presented to the council for the members' approval an official emblem to be used on all publicity for this year and for the years to follow. The newly acquired ditto machine will be for student use when a committee, which is to be appointed by student council, can arrange hours for its use. Say students, Monmouth is considering a courtesy driving plan so let's all take it easy when behind the wheel.

TO THE FRESHMEN

With the turning of the leaves and the shortening of the days, the doors of Oregon College of Education again open, welcoming the 75th class of freshmen. These 75 years have not made our college old, rather they have aided to keep it young, always striving for new goals, as each new class passes through the doors full of hope and hunger for knowledge.

You enter shyly but with heads held high, full of anticipation of the things to come. You are seeking the enlightening truth gained only by accumulated knowledge. True, all is not the carefree frolic of early youth. There will be much toil and you will spend many hours in the next four years striving to reach your goal but the satisfaction received will be enough to more than justify it.

The first few weeks will have great influence upon the future for from the confusion, the pattern for the future years will be established. Confusion at this early stage is normal. If you need help, do not hesitate to ask for it. The very nature and many traditions of OCE are responsible for the reputation for friendliness our school is so proud of. The students and faculty are anxious and ready to lend a helping hand where needed.

Above all, do not become flustered by the haste and bustle of these first few weeks. Sit down and take stock of yourself and the things you have to do. Then, **budget your time.** If you start this early in your college life you will soon find it an almost unconscious habit. You will know what you are going to do and when.

Once you become settled to the pattern you have established you will find things much easier than you expected. Do not let this fool you, however, college is much harder than high school. If you set your mind to it this work will be fun: learn to enjoy it for the next four years will pass only too fast and you will in later years look back upon them as some of the best and most fruitful years of your life.

With the Fall in sight let's settle down to a year of hard work and a lot of fun. We are happy to have you join us and hope you will stay. Everyone will help you all they can. School will only be what you make it. Above all else, keep your goal in sight and remember why you are here. You are the 75th class at OCE — help us to be proud of you.

—J.L.

Oregon Youth Offered Chance To Live Abroad

Oregon youth who want a first-hand view of life overseas, have an opportunity to live abroad, expenses-paid, if they can qualify as International Farm Youth Exchange delegates.

State 4-H extension agent Mrs. Winnifred Gillen, director of the program, Oregon State college, says that young men and women will be chosen in October to make trips during the summer and fall of 1957.

She lists qualifications for IFYE's: Single men and women between ages 20 to 30; background of farm life and work; sincere interest in understanding

other people and a willingness to study language, history, geography and culture of the United States and the country to be visited.

Delegates chosen for trips live with farm families overseas for about six months, learning about life at the "grass roots" level.

About 125 young people from the United States are exchanging with 180 youth from 40 different countries this year for five to eight months under the IFYE program. Oregon has four delegates overseas at present.

Is A Peace Time Draft The American Way?

by George Q. Davidson

This column will be written primarily about subjects on the national scene which we think will be of interest to students. Most of the topics will be controversial, primarily to stimulate your thinking. I would appreciate your comments, letters and criticism. Anything goes, except brass knuckles.

Mr. Eisenhower's answer to Mr. Stevenson's two sided statement concerning peacetime military conscription gave me a delayed shock. We fought a war with Germany whose political philosophy was that, "people exist to serve the state." The democratic philosophy is that "the state exists to serve the people." Have we, as Toynbee suggests possible, subtly exchanged a democratic outlook for a totalitarian point of view by winning the war? Have we instead been conquered by "their" ideas and ironically now proclaim the same gospel which they proclaimed in 1936?

Mr. Eisenhower's statement seems to indicate that since we have accepted the responsibilities of a leading nation in world affairs we have made commitments to our allies which make peacetime conscription impossible to do without. I maintain that we, as a government, should be willing to compete on the labor market in our own economy for the personnel necessary to

fill the ranks of our armed services. This means more taxes as long as we are not willing to pay our way out of our pockets, and advertently supply ourselves out of the lives of kids who won't even be able to vote for two years, we have traded a way of life and a heritage which is rich in the refinement of justice, for one of degradation and decay. We have made patriotism cheap. We force our junior citizens to serve the country which not service at all.

The general who was victorious over the German government and the totalitarian way of life has come home to proclaim the way of the defeated, e.e., permanent peacetime conscription, something which was evil in Germany in 1936.

Or is the statement of peace, prosperity and palaver 100% palaver? Are we really at war and must have these conscripted forces? Is there a dire emergency of war? Mr. Nixon can tell you the differences between war and peace?

Men who are called liberals and middle-of-the-roads in both parties in 1956, would have been called conservatives in 1936. This is progress?

(Mr. Stevenson next week. The "ins" come first my dear Gaston.)

DITTO MACHINE FOR STUDENT USE GIVEN TRIAL

A ditto machine for the use of all students will be placed in the basement of Campbell hall, near the student council room. This will be on a trial basis only. Students will be expected to comply with instructions posted there.

A student will be on duty every day this week to teach interested persons how to operate the machine. Hours for its use are 12:30 to 1 and 4 to 5 p.m. daily.

Commuters' Comments

by Alvina Warren

This column in general will bring you information and news regarding commuters which we hope will be of interest and value to you. If you have any news item you want to have printed we would welcome your contribution. Leave them either in the Lamron student post office box or in box 482.

Bonnie Sanders, commuter from Salem, has enrolled at OCE in several education courses. Bonnie has a BA degree from Stanford and is now working towards a BS degree in elementary education.

Mrs. Ethel Schilling, Dallas, is back on campus after being absent several months due to major surgery on her back. She spent her summer in a cast but is able to attend school this fall. Welcome back, Mrs. Schilling.

Just a reminder to those of you who park cars in and around the campus. Don't waste space between cars and there will be room for all.

Samples of Winston cigarettes were passed out in Maple hall Wednesday, compliments of Toni Logan, representative for Camel cigarettes.

Beach Outing Planned

An all campus beach trip is planned for Sunday, October 14. Transportation will be by busses which will leave at 9 a.m. and return at 3 p.m.

Cost will be \$1. Those interested should sign up on lists posted in Campbell hall and in the Administration building. The tickets can be purchased in the business office. Sales start on Wednesday and will continue through the week.

CUPID'S CAPERS

By Dolly and Flossy

Dolly and I have decided, a completely compiled Cupid's Capers column is out of the question. After checking around this week in all the cars, corners and parlors, we're absolutely sure our early summary of Cupid's doings is doomed. It's not even spring and we see signs of it already!

We do want to pass along to you the following marriages of the past summer: Donnale Smith and Dale Harp, Pat Smith and John Agaska, Judy Silverstone and Wayne Gage, and Jo Ann Link and Bob Knight. Engaged: Pat Blair and George Jgotich and Carole James and Dick Greaves.

WOLF CALLS

by WALDO

From a recent study of College Life by Alfred P. Neuman comes a list of definitions which were founded from the activities of the average college student. They have been listed in chronological order from the frantic freshman stage to the blissful senior set.

Ambition: 1. Freshman, To graduate with an A average; 2. sophomore, to graduate with a B average; 3. junior, to graduate with a C average; 4. senior, to graduate.

The Three R's: 1. Freshman, Reading, riting, rithmetic; 2. sophomore, recitation, red tape, recess; 3. junior, records, rapture, recreation; 4. senior, relaxation, romance, remorse.

Excuses: 1. Freshman, I got lost; 2. sophomore, my alarm didn't go off; 3. junior, commuting, I had motor trouble; 4. senior, the class bell rang too early.

Home Work: 1. Freshman, they say to devote two hours, so I'll take three; 2. sophomore, they say to devote two hours, so I'll take 30 minutes; 3. junior, I'll do it before class; 4. senior, I hope the prof doesn't call on me.

Sports of Sorts

BY RUSS BAGLIEN

I WONDER IF I'M ELIGIBLE, COACH?

OCE's football coaching staff is still chuckling over the transfer player who wondered if he would be eligible to play football this fall. Coach Bill McArthur promptly asked the young gridiron hopeful how many hours he had passed at his previous school. Eighteen, was the reply. "What was your grade-point?" asks McArthur? "A 3.83 I think," was the reply. "You mean a 2.83, don't you," queries McArthur? "No," replies the prospective lineman, "I goofed up and got a B in English." Guess the guy figured he had to have a four-point to play football.

KSLM TO BROADCAST OCE FOOTBALL GAMES

We are extremely delighted that Oregon College of Education football games will be broadcast this year by radio station KSLM of Salem. All four home games will be carried live. The Eastern Oregon game at LaGrande will be live also, but the sportscast will originate from a LaGrande station. The Portland State game in Portland will not be broadcast, but a 15-minute phone report immediately after the game will be aired by the Salem station.

These broadcasts, with veteran sportscaster Steve Brody doing the play-by-play, will give OCE fans every opportunity to keep abreast of the Wolves all through the season. We hope that everyone who tunes in the games over the airways will take the time to drop the Salem station a note to express appreciation to them for the service they are providing. We also hope that the broadcasts will kindle new interest in OCE fans throughout the Willamette valley. Memorial Stadium doesn't hold over 2500 fans, but we'd like to see the SRO (standing room only) sign hung out for every home game.

SEASON TICKET SALES OFFER GOOD BARGAIN

No doubt many students attending OCE hail from communities not too far removed from the Monmouth area. We'd like to have mom and dad for boosters of our athletic program (and other non-athletic events), even if only for an occasional game. But if the folks want to be regular grandstand observers, we'd like to suggest that you try and interest them in season tickets. An all-sports season duckat, good for all OCE home games in all sports, costs only \$10.00; a season football ticket costs just \$3.50; and a season ticket for 12 home basketball games costs only \$7.50. Why not mention this plan to your folks next time you are home, or when you write?

NATIONAL LEAGUE RACE GOING TO THE WIRE

By the time the ink on this page dries the National League pennant race may be over. We say "may" because there is every indication that Milwaukee and Brooklyn could tie for the pennant. As this writer hinted, Brooklyn's pitching staff went a little awry last week, enabling Milwaukee to once again assume the top rung in the NL standings. We hope your morning (Monday morning, that is) paper carried the news that Milwaukee copped the pennant. Walt Alston is a nice guy, but I hope his Bums finished second. In fact, we hope the Cincinnati Redlegs beat them out of second spot. Dem Dodger fans don't deserve another pennant, yet, a'ready!

OFF THE CUFF COMMENTS . . . Keep your eye on the Oregon Webfoots this fall. The Ducks just may have enough horses to carry them to a Rose Bowl game . . . OCE's new press box addition gives Memorial Stadium one of the most spacious press boxes for small colleges in the Northwest . . . Birdie Tebbetts will be named National League manager of the year.

Rally Squad Try-outs

Rally squad try outs will be held Monday at 4 p.m. in the PE dance room. Try outs will be judged by Wanda Stevens, yell queen, and by members of the student council.

Wolves Travel to LaGrande for Tilt This Week-end

This Saturday night the OCE Wolves travel to La Grande to meet the EOCE Mountaineers. The game promises to be a real scrap as these two teams, along with Southern Oregon, tied for the conference crown last year. The Mounties have everyone back from last year's squad and are favored again this year.

The Mounties operate out of a split T formation which is led by halfback Elvin Doggett, last year's leading ground gainer in the Oregon Collegiate Conference, and Bill West, a crunching 215 pound fullback who once toiled for Oregon State. Other key men are Jack Harmon, a two year all-league man at end, quarterback Bob Brown and halfback Dick Quinn. Another man to see considerable action is Dee Dickman a fine freshman quarterback.

The Mounties opened their season with a 7-6 win over West college. Last week they absorbed a 70-13 defeat at the hands of College of Idaho, the favored team in the Northwest conference.

Co-ed Tennis Tourney Offered First Time

The first co-educational tennis and volleyball tournament is being offered by the intramural athletic commission, headed by Carolyn White and Zel Gernhart. Tennis will begin immediately, so all those interested should sign up with partners before October 3. Lists will be posted on the bulletin board in PE 113. Faculty members are invited to participate.

Bob Janes, senior from Portland, is hospitalized at St. Vincent's hospital in Portland. He is suffering from a knee injury.
